How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund’s returns change over time. This is called “volatility.”

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

CI Investments Inc. has rated the volatility of this fund as low to medium.

Because this is a new fund, the risk rating is only an estimate by CI Investments Inc. Generally, the rating is based on how much the fund’s returns have changed from year to year. It doesn’t tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund’s returns, see the “What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?” section of the fund’s simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn’t have any guarantees. You may not get back the amount of money you invest.
Who is this fund for?
This fund may be suitable for you if you:
• want a diversified fixed income portfolio that aims to generate consistent income with low volatility over a credit cycle
• are investing for the medium and/or long term
• are seeking an investment which can utilize borrowing, short-selling, leverage and derivatives where appropriate to either maximize returns or mitigate negative returns
• can tolerate low-to-medium risk.

A word about tax
In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws of where you live and whether you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.
How much does it cost?
The following tables show the fees and expenses you could pay to buy, own and sell Series P securities of the fund. The fees and expenses — including any commissions — can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges
There are no sales charges applicable to your series of securities.

2. Fund expenses
You don't pay these expenses directly. They affect you because they reduce the fund series' returns.

The fund series' expenses are made up of administration fee, trading costs and Certain Fund Costs. The management fee is paid directly by you and is not included in the MER. The fund series' management fee is set out below as Series P management fee and the fund series' administration fee is 0.17% of the fund series' value. Because this fund series is new, its Certain Fund Costs and trading costs are not available.

The fund may pay CI a performance fee at the end of each year equal to 10% of the amount by which the net asset value per unit at the end of such year (before giving effect to any distributions by the fund since the High Water Mark (as defined in the prospectus) was determined, and adjusted to exclude the accrual of the performance fee during the year) exceeds the High Water Mark multiplied by one plus the Hurdle Rate (as defined in the prospectus), multiplied by the number of units of that series outstanding at the end of such year. If any units of a fund are redeemed prior to the end of a year, a performance fee may be payable on the redemption date in respect of each such units, as if the redemption date were the end of the year. Performance fees will be calculated and accrued for each series on a daily basis during each year.

3. Other fees
You may have to pay other fees when you buy, hold, sell or switch securities of the fund.

<table>

What if I change my mind?
Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information
Contact CI Investments Inc. or your representative for a copy of the fund's simplified prospectus and other disclosure documents, which have more detailed information. These documents and the Fund Facts make up the fund's legal documents.
