Consumer Services	6.9%
Health Care	6.4%
Utilities	4.8%
Industrial Goods	4.6%
Other	4.0%

How risky is it?

The value of the pool can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a pool's returns change over time. This is called "volatility".

In general, pools with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Pools with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

CI Investments Inc. has rated the volatility of this pool as medium.

Generally, the rating is based on how much the pool's returns have changed from year to year. It doesn't tell you how volatile the pool will be in the future. The rating can change over time. A pool with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the pool's returns, see the "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?" section of the pool's simplified prospectus.

No guarantees

Like most mutual funds, this pool doesn't have any guarantees. You may not get back the amount of money you invest.

CI Canadian Equity Private Pool (Series A units)

How has the fund performed?

This section tells you how Series A securities of the pool have performed over the past 1 calendar year. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Series A securities of the pool performed in the past 1 calendar year. This fund series has not dropped in value in the last 1 calendar year. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Series A securities of the pool in a 3-month period over the past 1 calendar year to May 31, 2020. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	11.4%	March 31, 2019	Your investment would be \$1,114.
Worst return	-21.8%	March 31, 2020	Your investment would be \$782.

Average return

The annual compounded return of Series A securities of the pool was 4.4% since inception. If you had invested \$1,000 in the pool on the inception date, your investment would now be worth \$1,070.

Who is this fund for?

This pool may be suitable for you if you:

- want a core Canadian equity pool for your portfolio
- are seeking income and the potential for capital growth
- are investing for the long term
- can tolerate medium risk.

A word about tax

In general, you'll have to pay income tax on any money you make on a pool. How much you pay depends on the tax laws of where you live and whether you hold the pool in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your pool in a non-registered account, pool distributions are included in your taxable income, whether you get them in cash or have them reinvested.

CI Canadian Equity Private Pool (Series A units)

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series A securities of the pool. The fees and expenses — including any commissions — can vary among series of a pool and among pools. Higher commissions can influence representatives to recommend one investment over another. Ask about other pools and investments that may be suitable for you at a lower cost.

1. Sales charges

There is generally an initial sales charge when you buy Series A securities of the pool.

What you pay		How it works
in percent (%)	in dollars (\$)	
Initial sales charge		
0 to 5.0% of the amount you buy	\$0 to \$50.00 on every \$1,000 you pay	<ul style="list-style-type: none">You and your representative decide on the rate.The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.

CI Canadian Equity Private Pool (Series A units)

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund series' returns. As at March 31, 2020, the total fund series' expenses were 1.93%. This equals \$19.30 for every \$1,000 invested.

	Annual rate (as a % of the fund series' value)
Management expense ratio (MER)	
This is the total of the series' management fee (including the trailing commission), administration fee and Certain Fund Costs.	1.93%
Trading expense ratio (TER)	
These are the fund series' trading costs.	0.00%
Fund expenses	1.93%

More about trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the pool. It is for the services and/or advice that your representative and their firm provide to you.

CI Investments Inc. pays the trailing commission to your representative's firm. It is paid from the pool's management fee and is based on the value of your investment.

Sales charge option	Amount of trailing commission	
	in percent (%)	in dollars (\$)
Initial sales charge	0% to 1.00% of the value of your investment each year	\$0 to \$10.00 each year on every \$1,000 invested

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch securities of the pool.

Fee	What you pay
Short-term trading fee	Up to 2% of the net asset value of the securities you redeem, if we determine that you have engaged in inappropriate short-term trading, which may occur if you sell or transfer your securities within 30 days of buying them. This fee goes to the pool.
Transfer fee	Your representative's firm may charge you up to 2% of the net asset value of securities you switch to another fund.
NSF cheque fee	There is a \$25 charge for all cheques returned because of insufficient funds.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact CI Investments Inc. or your representative for a copy of the pool's simplified prospectus and other disclosure documents, which have more detailed information. These documents and the Fund Facts make up the pool's legal documents.
