- 2** For purposes of this Addendum, the words "owner", "retirement savings arrangement", "life income fund (LIF)", "locked-in retirement account (LIRA)", "maximum unlocking amount", "Superintendent", "spouse" and "pension" shall have the same meaning as are respectively given to these words in the Act and the Regulations, and provided that "spouse" does not include any person who is not recognized as a spouse or common-law partner, as the case may be, for the purposes of any provision of the Income Tax Act (Canada) respecting registered retirement income funds.
- 3** For the purposes of this Addendum, the word "owner" means the annuitant (as defined under subsection 146.3(1) of the Income Tax Act (Canada)) of the Fund.
- 4** The only money that may be transferred into the LIF are the sums originating, directly or indirectly, from:
  - (i) the fund of a registered pension plan under which the owner is a member as defined in subsection 147.1(1) of the Income Tax Act (Canada) that conforms with the Act and Regulations or similar legislation in another jurisdiction and the Income Tax Act (Canada),
  - (ii) another registered retirement savings arrangement under which the owner is the annuitant that conforms with the Act and Regulations and the Income Tax Act (Canada), or
  - (iii) a life or deferred life annuity under a contract that complies with the Act and Regulations and the Income Tax Act (Canada).
- 5** If the information provided in Form 3.2 indicates that the commuted value of the deferred pension transferred from a registered pension plan into the LIF was determined on transfer in a manner that differentiated, while the owner of the LIF was a member of the registered pension plan, on the basis of the sex of the owner, the only money that may subsequently be transferred into the LIF is money that is also differentiated on the same basis.
- 6** The fiscal year of the LIF shall end at midnight on December 31 of each year, and shall not exceed twelve months in length.
- 7** The owner shall be paid an income from the LIF, the amount of which may vary annually, until the day on which the entire balance of the money in the LIF is converted into a life annuity. The first payment of income from the LIF to the owner shall commence no later than the last day of the second fiscal year of the LIF.
- 8** The amount of income payable from the LIF during each fiscal year of the LIF shall be established by the owner once every year at the beginning of the fiscal year of the LIF, or at intervals of greater than one year if the Trustee guarantees the rate of return on the LIF during such interval and such intervals end at the end of a fiscal year of the LIF.

**9** If the owner does not decide the amount of income to be paid from the LIF during the fiscal year, the minimum amount determined under this Addendum shall be deemed to be the amount to be paid. The Trustee may sell such investments as it, in its sole discretion deems appropriate for the purpose of providing cash to make such payment or payments. The Trustee shall withhold from any payment any applicable tax or other amount required to be withheld under the Income Tax Act (Canada) or applicable provincial legislation. The Trustee may impose other requirements and conditions in respect of the foregoing that are not inconsistent with the provisions of the Act and Regulations and the Income Tax Act (Canada).

**10** Subject to paragraphs 11, 12 and 13 of this Addendum, the amount of income payable from the LIF during a fiscal year of the LIF shall not be more than “M” (the maximum amount), or less than “m” (the minimum amount), calculated using the following formulas:

$$M = \frac{C}{F} \quad \text{and} \quad m = \frac{C}{H}$$

Where

C = the balance of money in the LIF on the first day of the fiscal year,

F = the value, on the first day of the fiscal year, of a guaranteed pension, the annual payment of which is \$1 payable on the first day of each fiscal year between the first day of the fiscal year and December 31, inclusive, of the year in which the owner attains age 90, and

H = the number of years between January 1 of the year in which the calculation is made and December 31 of the year in which the owner attains age 90, inclusive.

**11** The value of “F” in a calculation under the above formula in paragraph 10 of this Addendum shall be established by the parties to the LIF at the beginning of each fiscal year of the LIF using:

(i) an interest rate of not more than 6% per year, or

(ii) for the first 15 fiscal years after the valuation of the LIF, an interest rate exceeding 6% per year if that rate does not exceed the interest rate obtained on long term bonds issued by the Government of Canada for the month of November preceding the calendar year in which the calculation is made, as published in the Bank of Canada Review as CANSIM Series B14013, and using an interest rate not exceeding 6% per year in subsequent years.

**12** In calculating “M” and “m” in the above formula in paragraph 9 of this Addendum:

(i) “m” shall be equal to zero for the first fiscal year of the LIF or in any other fiscal year as prescribed by the Income Tax Act (Canada), and

(ii) if the money in the LIF is derived from money transferred directly or indirectly during the fiscal year of the LIF from another life income fund of the owner, “M” shall be equal to zero, except, in either case, to the extent that the Income Tax Act (Canada) requires the payment of a higher amount.

**13** The amount of income paid out of the LIF during a fiscal year must not be less than the minimum amount required to be paid under the Income Tax Act (Canada) and if the maximum amount otherwise determined under this Addendum is less than that minimum amount, the minimum amount required to be paid under the Income Tax Act (Canada) will prevail.

**14** If the amount of income payable to the owner from the LIF is established under paragraph 8 of this Addendum at intervals that are greater than one year, the provisions of paragraphs 10 to 13, inclusive, of this Addendum apply with the necessary modifications to establish the amount of income payable from the LIF in each fiscal year in the interval, and the amount shall be established at the beginning of the first fiscal year in the interval.

- 15.** Notwithstanding paragraph 10 of this Addendum, the owner may request that the Superintendent approve the transfer of an amount from the LIF to a registered retirement income fund as defined in the Income Tax Act (Canada) that is not a life income fund, by filing with the Superintendent completed Form 3.3 and Form 3.4, the Superintendent shall approve the transfer if:

- provided that any funds required to be withheld on a transfer to satisfy the minimum amount in the year of transfer, in accordance with paragraph 146.3(2)(e) of the Income Tax Act (Canada), shall be withheld by the Trustee.
